

Clinical Management of Craniomandibular and Craniofacial Dysfunction and Pain

CRAFTA® Advanced Course Week 1

Day 1

- 08.30 – 10.00 Updating and in depth exploration of knowledge of craniofacial and craniomandibular dysfunctions and pain (including etiology, algorithm, clinical reasoning strategies)
- 10.15 – 12.00 Craniomandibular dysfunctions: differentiation and further management
- 13.00 – 14.00 Patient performance by course instructor
- 14.15 – 17.00 Muscular imbalance in craniomandibular dysfunctions: Examination and treatment (1)

Day 2

- 08.30 - 10.30 Muscular control in craniomandibular dysfunction: Examination and treatment (2)
- 10: 45 - 12.30 Primary- and secondary hyperalgesia in the head- neck and face region. Assessment and interpretation for management.
- 13.30 - 14.30 Patient performance by course instructor; reassessment and management
- 14.30 - 15.30 Clinimetrics 1: Introducing Photo clinimetry and its interpretation
- 15.45 - 16.00 Preparation for patient treatment
- 16.00 - 18.00 Supervised patient treatment by course participants (1)

Day 3

- 08.30 - 09.30 Craniofacial - and cranioneural dysfunctions: further differentiation and management a.o. Tinnitus (1)
- 09.30 - 10.30 Craniofacial - and cranioneural dysfunctions: further differentiation and management a.o. Tinnitus (2)
- 10.45 - 12.30 Clinimetrics (2): The use of questionnaires in daily practice

13.30 - 14.30	Patient performance by course instructor; reassessment and management
14.30 - 15.30	Function and rehabilitation of chewing (1)
15.45 - 16.00	Preparation for patient treatment
16.00 - 18.00	Supervised patient treatment by course participants (2)

Day 4

08.30 - 10.30	Function and rehabilitation of chewing (2)
10.45 - 12.30	Revision and in depth exploration of the craniofacial region; (Pseudo) Sinusitis (1)
13.30 - 15.30	Revision and in depth exploration of the craniofacial region; (Pseudo) Sinusitis (2)
15.45 - 16.00	Preparation for patient treatment
16.00 - 18.00	Supervised patient treatment by course participants (3)

Day 5

08.30 - 09.30	Presentation of patients by course participants.
09.30 - 13.00	Examination and treatment of patients with ventral neck problems
13.00 - 13.30	Summary and conclusion
